

ÜSHA

SONOMA COUNTY

Part of Sonoma County history for more than 150 years and originating with the Madrone vineyards first planted in 1863, Valley of the Moon Winery continues the estate tradition of creating approachable wines with an authentic sense of place.

Bright, Clean, Simple. A fresh wine that's direct and straightforward. A beautiful Chardonnay that we created specifically for the on-premise trade and named Üsha, meaning to drink.

This is Chardonnay in its truest form. Aromas of peach, apricot and vanilla. Flavors of green apple, ripe pear and honey with a lengthy oak driven finish touched by a hint of sweet and bright citrus.

100% Chardonnay
