

THREE WOLVES VINEYARD

2022 PINOT GRIS, OKANAGAN VALLEY BC VQA

Our Distinction Collection offers enthusiasts handcrafted, experimental wines that fine-tune combinations of varieties, clones, rootstocks and winemaking techniques. Like the pattern of a quail's egg of which no two are alike, each batch of wine is unique and bottled in small lots.

Three Wolves Vineyard is situated at the base of Mount Boucherie with eastern exposure, just around the corner from our estate. After several hours of morning sunshine, the mountain casts a shadow over the vines during the warmest parts of the day, extending the ripening process while preserving aromatic freshness.

WINEMAKING

Sourced entirely from Three Wolves Vineyard on Ourtoland Road, the grapes from the southern portion of the vineyard were whole-cluster pressed and fermented in neutral oak with regular battonage to build the mouthfeel. The northern portion was gently destemmed and received one hour of skin contact prior to stainless steel fermentation to enhance flavour and aromatics.
